The Komfort Kontrol remote gives you the ability to bring comfort and green technology all together into your home. With the Komfort Kontrol remote, all you have to do is decide a comfortable set point temperature on your remote and when the room temperature gets closer to the point you desire, the Komfort Kontrol remote will turn the flames down accordingly! And with our zone heating, you can save energy and enjoy time in the room you use the most by just turning down the central heat, setting your Komfort Kontrol remote, and enjoy your time around the fireplace with friends, family, or just a good book! That way you'll get to have heat where and when you need it while saving energy and money with just a click of the Komfort Kontrol remote!

Remote control features:

Thermostat function

Flame height modulation

Fan speed modulation

Light kit modulation

IPI to continuous pilot

Each unit factory testedCertified to ANSI Z21.88 Vented Gas Heaters

Vent System & Requirements

This fireplace is manufactured to accept 5"x 8" rigid and flexible pipe.

- Simpson Dura-Vent™ DV-PRO pipe 5"x 8"
- Selkirk Metalbestos™ direct chimney system 5"x 8"
- Ameri-Vent/American Metal™ direct chimney system 5"x 8"
- Metal Fab™ 5"x 8"
- ICC™ 5"x 8"
- Kozy HeatTM flexible #800 series vent kits* 5"x 8"
- BDMTM direct vent chimney system 5"x 8"

IMPORTANT: The horizontal heat shield included with this fireplace must be installed when incorporating minimum horizontal venting.

Elbows: For each additional 90° elbow used after the first elbow, 3' must be subtracted from the maximum venting allowed. For each additional 45° elbow used after the first elbow, 1½' must be subtracted from the maximum venting allowed.

Note: (2) 45° elbows = (1) 90° elbow.

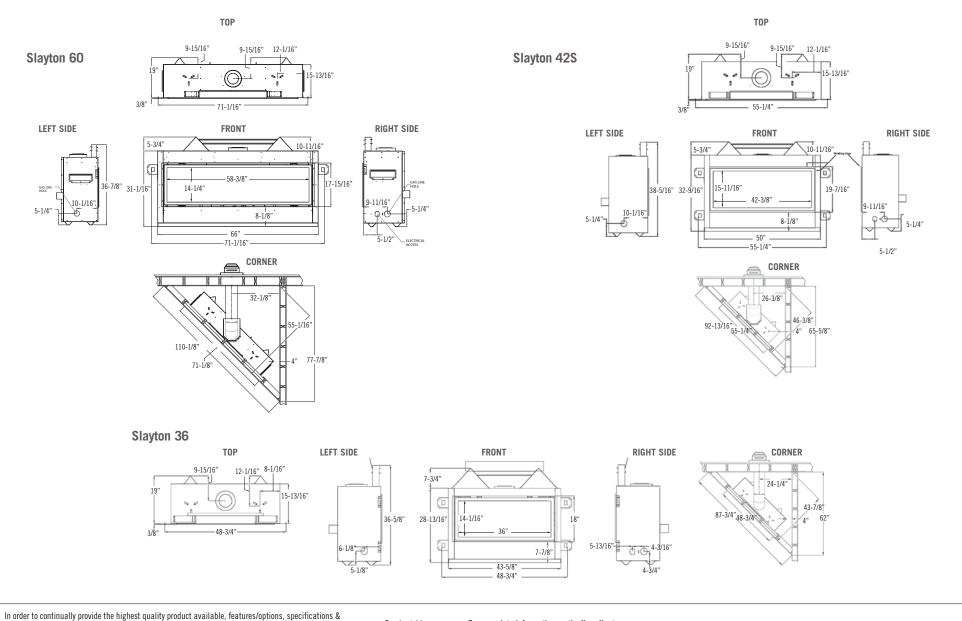

Maximum number of elbows for ALL vent configurations = 5

<u>Horizontal Terminations</u>: Venting configurations vary between NG & LP Gas, please consult the installation manual for requirements.

Vertical Terminations: Minimum: 2' Maximum: 50'

<u>Horizontal/Vertical Combo</u>: Venting configurations vary between NG & LP Gas, please consult the installation manual for requirements.

SPECIFICATIONS

dimensions are subject to change. Refer to the unit installation manual for complete installation instructions. Installation must conform with local building codes. In some regions it may be possible that this appliance qualifies for an energy rebate. See your local dealer for details regarding promotions and qualifications.
