

# #AL36-500 ALPHA LOG SET

## NOTE

Numbers are located on the bottom of each log. Install in numerical order. Refer to following instructions and illustrations for proper placement.

## CAUTION

Do not place logs directly over burner port holes. Improper log placement may affect flame appearance and cause excessive soot to build up on logs and glass.

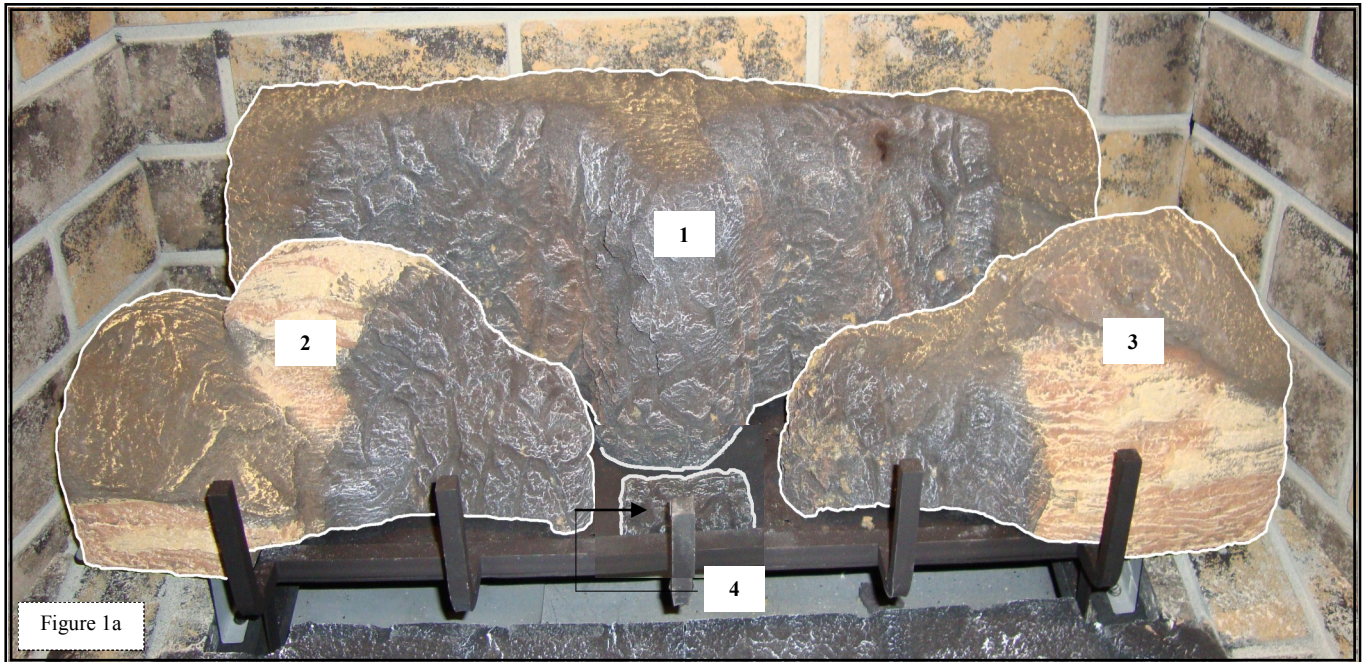

Figure 1a

Align holes in bottom of #1-#3 logs with mounting pins on burner, setting down into position. Place #4 log as shown.

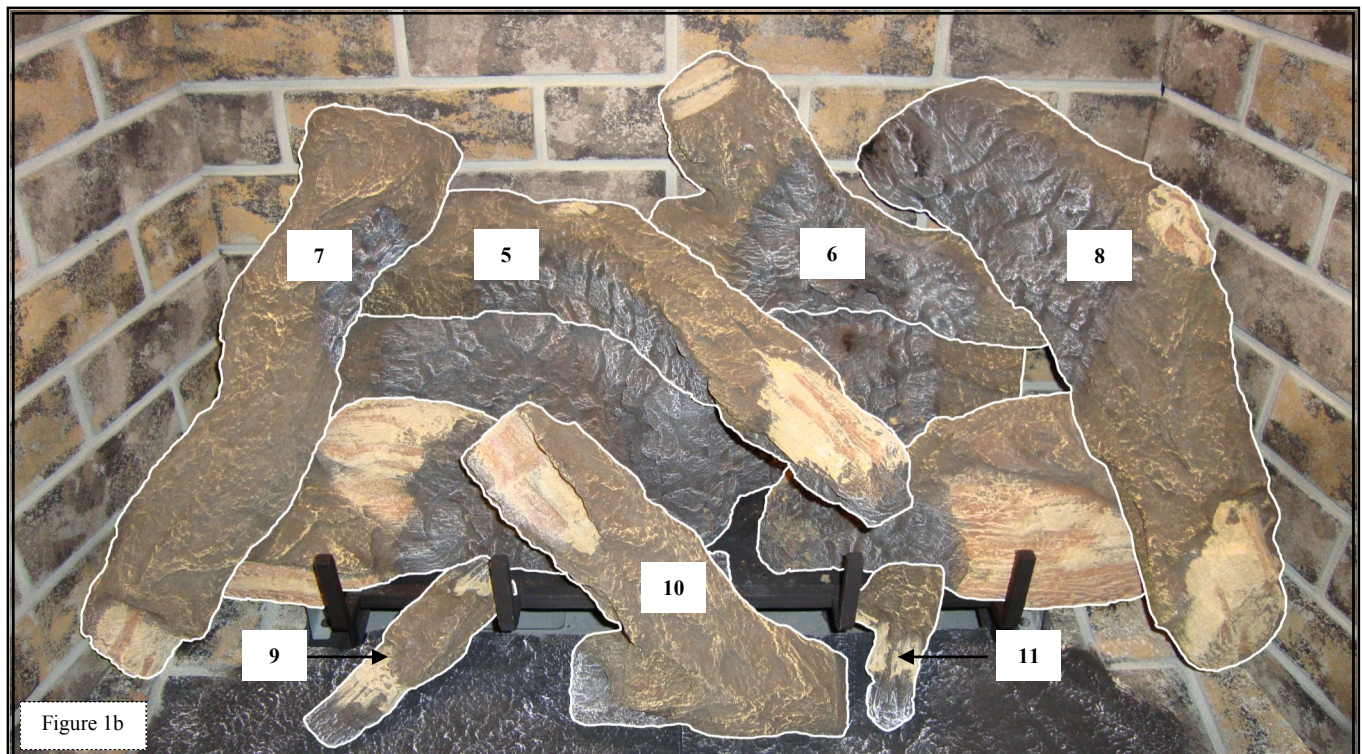

Figure 1b

Position remaining logs in numerical order, aligning pins / holes in upper level logs with pins / holes in base logs

Cutout on back side of log #10 aligns with center line on log rack.

Randomly place klinkers around front of log rack. Use a stiff bristle brush to distribute rockwool embers onto burner and logs.
