

#G6020-500 Weathered Log Set

For use with model Generation 6020 & Generation 6020 Screen

⚠ WARNING: This product can expose you to chemicals including Silica Dust, which is [are] known to the State of California to cause cancer, birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov.

NOTE: Log numbers are located on the bottom or side of each log. Refer to the following instructions and illustration for proper placement. Your components may look different than the ones shown.

CAUTION: Do not place logs directly over burner port holes. Improper log placement may affect flame appearance and may cause excessive soot to build upon the glass.

- *If converting to propane, complete the conversion before installing the log set. Follow the conversion instructions included with the kit.*
- *If installing a black glass panel set, complete installation of panel set before log installation*

Instructions

1. Locate the preinstalled pins on the burner media tray. See Figure 1. You will install the log set directly on the media tray before installing any crushed media.
2. Install log #1 (Pin #1 & #2), #3 (Pin #8 & #9), and #8 (Pin #5 & #6). See Figure 2.
3. Install log #2 (Pin #7 & #3), #6 (Pin #12 & #4). See Figure 3.
